

Full Time Lecturer in Physics for Spring 2017

Penn State Behrend invites applications for a full-time lecturer position in Physics for the Spring 2017 semester. A M.S. in Physics or related field is required though a Ph. D. is preferred. Teaching responsibilities will include introductory level physics lectures and laboratories. The candidate should have demonstrated skills and interests in undergraduate education and outreach. This is initially a one-semester emergency replacement, however the Physics program will have two full-time lecturer openings for the Fall 2017/Spring 2108 academic year, and outstanding applicants will be strongly considered for those openings.

Assistant Professor in Experimental Physics

Penn State Behrend, invites applications for a tenure-track faculty position in Physics at the Assistant Professor level to begin August 2017. A Ph.D. in Physics or related field is required at the time of appointment. Postdoctoral research and/or teaching experience is desirable. Teaching duties will include both introductory level physics and upper level laboratory-based physics courses. The candidate should have the ability to develop a strong experimental research program in physics with demonstrated skills and interests in undergraduate education and mentoring undergraduate research. Startup funds and laboratory space, commensurate to a primarily undergraduate institution, are available.

All applicants must apply online at <http://psu.jobs> and submit five documents 1) cover letter, 2) curriculum vitae including names and contact information for three references, 3) copies of graduate and undergraduate transcripts 4) one page teaching philosophy and 5) one to two page research statement summarizing your proposed research, including a brief explanation of its suitability for an undergraduate college. Questions regarding the position can be directed to Dr. Martin G. Kocielek, Director, School of Science at kocielek@psu.edu. Review of applications will begin November 1 for the assistant professor position and November 15 for the lecturer position and continue until the position is filled. Employment will require successful completion of background check(s) in accordance with University policies.

About Penn State Behrend: Penn State Behrend is a four-year, primarily undergraduate college of Penn State University with approximately 4,400 students and thirty-four baccalaureate majors. The College is committed to balance between teaching and research. The School of Science offers bachelor degrees in biology, chemistry, environmental science, mathematics, math education, nursing, physics, and general science.

About Erie, Pennsylvania: Erie Pennsylvania, a metropolitan area of 280,000 residents, is a major service, tourism, medical, and industrial center on Lake Erie's Presque Isle Bay and is located two hours from Cleveland, Pittsburgh, and Buffalo. The region offers many cultural, sports, and recreational resources, as well as modest living costs and affordable housing.
