

# FALL 2017

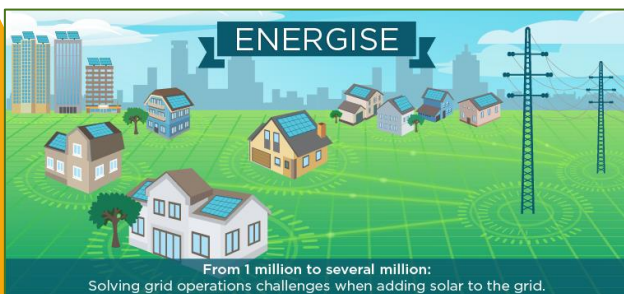

# POSTDOCTORAL RESEARCH AWARDS

## Advance solar energy technology

APPLICATION DEADLINE: MAY 31, 2017

11:59 P.M. EST

### **Benefits include:**

- Yearly stipend of \$65,000
- Research allowance of \$10,000
- Research mentor allowance of \$5,000,
- Health insurance
- Possible relocation travel up to \$5,000.

### **Requirements:**

- Must be U.S. citizen or permanent resident
- Must complete Ph.D. requirements by May 30, 2017
- Must have had Ph.D. for no more than 5 years
- Must submit proposal and secure mentor/research project

The U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy (EERE) seeks applications for postdoctoral research projects for the fall of 2017. The EERE Postdoctoral Research Awards offer recent Ph.D. recipients the opportunity to conduct applied solar energy Research and Development at universities, national laboratories, and other research facilities. Research must contribute to the SunShot Initiative goal to make solar energy technologies cost-competitive with traditional energy sources by 2020.
