

# 2017 SunShot Innovators Program

**Application Deadline: June 30, 2017, 11:59 P.M. EST**

The U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy (EERE) seeks applications for the newly offered SunShot Innovators Program. This award funds recent **Bachelor's, Master's, and Doctorate graduates** to examine innovative solutions to the challenges utilities, energy service providers, and public utilities commissions face as they adapt to a system with increasing levels of solar and other distributed energy resources. Innovators selected for the program conduct hands-on, practical research and development on-site at a utility, energy service provider, or PUC host institution.
